CRAZY BADGER (A MALISEET SHAMAN)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Introduction The meltdown and subsequent retreat of the last glaciations of the North continent, 12,000BP, deposited tons of glacial debris and changed the topography of the land. The pre-glacial landmarks disappeared without a trace. At Grand Falls, in northern New Brunswick, the glaciers terminus dumped end-moraine across the St. John River and formed a huge dam, backing the waters of the river as far back as LacTemiscouata in the province of Quebec. The expansive lake resulted and is known as Glacial Lake Madawaska. When the dam burst it redirected the course of the river. The unconsolidated debris filled the original river channel with rocks, coarse gravel, sand and silt. The mixture of water and debris fractured and gouged out a new channel from calcareous slate rock. It started to excavate a mile long gorge and a seventy-five foot high cataract that continued to widen and deepen with each spring freshet. The paleo-Indians were the first to see the tortured land in its pristine state and to look upon the mile high glaciers. In Nova Scotia a recent excavation site uncovered a large nomad campsite dating back 10,600BP. It is also estimated that 13,000BP no one could have lived in the Maritime Peninsula, the land was covered in a thick layer of ice. The Maliseet legends and myths illustrate a minute insight in the history of the native people. Long ago their main village was situated at Medoctic a few miles south of the present town of Woodstock, NB. In this novel they traveled by birch-bark canoe to a temporary fishing village known as the town of Grand Falls. They smoked dried their catch of Atlantic...
