Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

SUDDENLY SAVED: THE MECHANICS OF SALVATION FAITH

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Years ago I was discussing salvation with some friends. Some of them said they knew exactly when they were saved. Some stated that they went down to an altar and gave their life to Jesus and were thusly saved. I struggled to try and remember exactly when I was saved and how it came to pass in my life. I was saved in 1971. I was not saved in a church and was not even saved by someone witnessing to me. In fact I did not know any Christians at the time. I worked at a local mall in Pittsburgh and would walk to and from work after school. I was saved by reading a tract. I do not remember where I found it or if someone gave it to me. I remember reading it while walking back from work. Frankly it was not a very good tract, or rather it was not a tract that appealed to the mind of the reader. It was filled with strange pictures that were supposed to represent the heart of a man. It showed Jesus sitting on a throne located in the little man's heart. While I could certainly see what the author was saying, it did not make a lot of sense to me. A throne in your heart? Asking Jesus into your life? It left me wondering what I was supposed to do and how to do it. The good part is that the tract did have scriptures. Of course I read those scriptures along with the parts that made no sense. I kept the tract and read it several times over the period of a few weeks....
