paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 326 Reading. would like to use (Reading. thinking & using) is the latest scientific research of the field of international education. has been subject to domestic famous attaches great importance to teaching and research. will inevitably bring about the great revolution of the middle school teaching methods. Read that allow students to change study hard for clever reading mastery textbook knowledge; want to enable students to grasp the regularity on the knowledge and ideas ability; that allow students to have in the current examination system ability to sit for the comprehensive ability and quality. The level of the quality of teaching does not depend on teachers. textbooks. teaching methods. The above three aspects only improve the quality of teaching external students' desire for knowledge. motivation is internal. Now. many students are very passive. Their learning method is simple. backward. and a considerable degree of individuality and blindness. For example. preview the important step. it directly affects the 45-minute teaching quality. But at present due to poor students' independent learning ability. they expected to preview only be understood as the textbook read through. As for such as teaching materials passed to the students how important knowledge point of teaching materials in the key and difficult to grasp these key and difficult how to effectively break in order to use existing knowledge to form a unique problem solving skills and ideas. you rarely think about. Students since before class without fully thinking. naturally passive class. there will be classroom teachers led by the nose and the phenomenon of chalk and talk. and students have lost their valuable participation and opportunities for discussion. Reading want to use for the...
