NAVAL HYGIENE (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Naval Hygiene This work is offered to those members of the medical profession whose path of duty lies on the trackless seas with the hope that the author's effort to supply a want will offset any short-comings on his part. Experience in teaching naval hygiene at the U. S. Naval Medical School has demonstrated to the writer the need of a student's manual of elementary character, hence this attempt to supply it. To prepare a guide to a subject so comprehensive and so important in its bearing upon the welfare and efficiency of a naval personnel requires knowledge derived from actual extended service at sea. A free discussion of certain of these phases, however, must be left to the future, for the good of the service. The author has drawn upon all available sources of information, and has tried to give due credit in the text, without exception; any oversight in this regard will be deeply regretted by him. He has obtained historical data from the Encyclopedia Britannica....
