Brand New Book ***** Print on Demand *****.Amazingly in Christian circles the topic of healing stirs as much controversy as it does in the secular world. Healing is mysterious for sure, as there is no proven single method whether by current medical science or by prayer for so many devastating sicknesses. But, healing is to be a part of the Christian experience and it is vital to discover how to tap into the power that is available to a believer in Christ Jesus. The Bible gives us the keys to finding our healing. But it takes discovery to find out which words will apply to us in any given situation. When those words come alive in our heart we find the faith it takes to receive our healing. We need to find what will trigger our faith to release the power in our lives. The author, Daryl T Sanders, has prayed for thousands of healings over his Christian life in the past forty years. He has seen all kinds of healing from cancer to headaches, yet, as is true of all believers there were those he has prayed for that did not get healed. The author has reviewed most of the major healing examples in the Bible to help find which may stir the faith of the reader to be healed. The book is a journey of faith and the reader is encouraged to read the book with an open mind and heart to see how they can find the power they need.
