Books Express Publishing, United Kingdom, 2011. Paperback. Book Condition: New. 244 x 188 mm. Language: English . Brand New Book ***** Print on Demand *****.Issued by the Military Intelligence Division, United States War Department. The material, evidently collected from the various branches of the German Armed Forces, was put together badly and in some places was almost unintelligible. A considerable portion of the material was in the form of appendices under headings that duplicated section captions in the main text. These appendices have been merged into their logical places. Some material which had no special application to winter warfare was eliminated. Includes 92 illustrations. Please note these are copies of important historical documents that have been extensively cleaned up by the publisher. While every effort has been made to make these books accessible they sometimes reflect the nature of the age of the originals including the typefaces, print quality and occasional marginalia. These are not...
